25 January 1960

Dear Colonel Davis:

Your note of 19 January has arrived while Captain Knowles is out of the country.

We enjoy your visits to this shop. However, particularly since we had an opportunity to talk about the CINCNELM report when you were last here, I do not believe there would be much occasion for a visit at this time when you are evidently operating on a tight schedule.

In response to your request for data, attached is a pertinent summary of NIS World Coverage as of 31 December 1959. Actually, there would be only nominal changes in these statistics as of 1 February 1960.

We attach much importance to those lectures on the NIS Program, and again wish you well with the one upcoming.

Sincerely,
